

KM-PF80W-40

Solar 80W Energy System with Li-battery and Bracket

- **Main Spec:** 80W solar power panel, output voltage:DC12V
- **Battery capacity:** 40Ah Li-battery
- **Work effectiveness:** Can work continuously for 4~5 days in cloudy and rainy days
- **Charging time** 22-23hours
- **Accessories** With Bracket

Electrical Characteristics

Power Peak	80W
Open Voltage	21.8V
Power Peak Current	3.7A
Operation Voltage	18V
Short Circuit	5A
Current Conversion Rate	≥20%
Size (cm)	L89.5*3*53.5cm
Battery Film	Monocrystal
Max.System Voltage	1000VDC
Seal Package	EVA
Max.Fuse Rated	15A
Frame	Aluminum
Max.Reverse Current	15A
Wire Connector Box	Water proof IP66
Frontal Max. Static Load	5400Pa
Hail Test	25mm / 23m/s
Back Max. Static Load	2400Pa
Glass	Tempering Glass/3.2MM
Operation Temp.	-40°C~+85
